HIV and PrEP/PEP A Faith-based Approach

Who should be offered PrEP or PEP?
EVERYONE WHO HAS SEX

Every HIV Test administered is a "Teaching Moment" re: PrEP/PEP

Faith-based organizations, church, etc., "Public Health Issue"

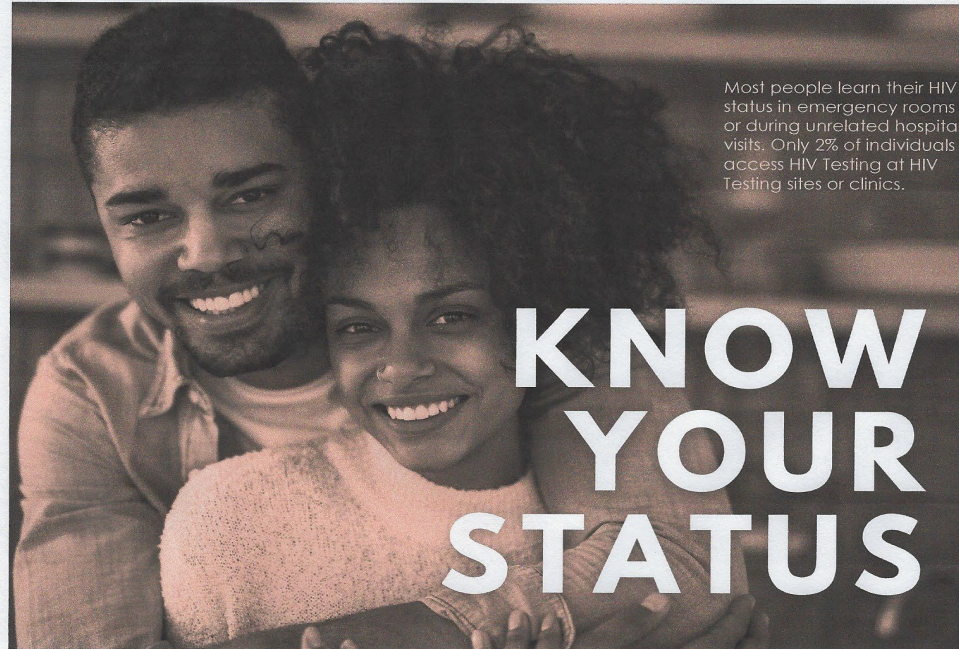

For Providers: Remember "PrEP is another "tool" in our arsenal to combat the spread of HIV/AIDS.

Always suggest condoms (21 days before effective for cis-women, 48 hours for PEP)

I have not encountered any opposition from the faith community

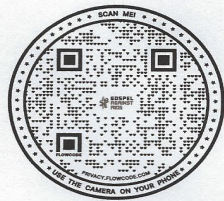

Not a method to promoting promiscuity

COVENANT
COMMUNITY CARE
"I WAS SICK AND YOU LOOKED AFTER ME"
MATTHEW 25:36

Most people learn their HIV status in emergency rooms or during unrelated hospital visits. Only 2% of individuals access HIV Testing at HIV Testing sites or clinics.

KNOW YOUR STATUS

FREE HIV TESTING

Covenant Community Care
20901 Moross Rd. Detroit
